"POSSUM" ROUT GOES TO PENITENTIARY FOR LIFE.

One Juror Saves Young Negro Assassin From Electric Chair—A Cold Blooded Murder.

John Harris Rout, known as "Possum," one-armed young negro, who shot Clay Drye, another negro to death in Macksville, a few months ago, heard a jury give him a life sentence in the penitentiary in Circuit court late Saturday afternoon. Rout smiled a broad smile as he heard the verdict for he and nearly everyone else who had heard the testimony had expected a death penalty. The insistence of one of the jurors, Mr. W. G. Murphy, of this city, for a life sentence, finally brought the other eleven to him, and a compromise was reached for a life term.

The jury which tried Rout was composed of Messrs. W. S. Fish, W. G. Murphy, Garner Price, D. R. Adams, E. J. Tanner, J. S. Mobley, Albert Stampfle, Tom Eads, R. H. Givens, J. W. Carrier, O. G. Speake, and J. W. Caldwell. Their first ballot showed all agreed on a first degree murder verdict and on the second ballot for punishment, seven for the electric chair and five for life imprisonment. All of the five came over for the death penalty after some discussion, except Messrs. Murphy and Carrier. The latter, however, finally agreed for death, if Mr. Murphy would, but he could not see it that way, so the compromise for the life sentence was reached.

The testimony brought out at the trial showed one of the most cold blooded murders known in recent history of Lincoln county. A number of eye witnesses testified to the facts, practically all of the evidence being the same. America Drye, wife of the dead man, Jailer Dick Farmer, Coroner, George P. Bright, Jess Farmer, Mr. Beaf, Jeff Bryant, Will Lovelace, George Tevis, the last three colored, told of the killing. It developed from their testimony that Drye and Rout had some words in Macksville, over a quarrel of their wives. The men had a rough and tumble scrap then, but were separated and Drye went to the home of Greene Hanford, another negro, nearby. Rout came on down town, and tried to borrow a dime from a negro named Jim Lee, who testified that Rout told him he intended to go back and kill Drye. Lee refused to lend him the money, but he bought a box of shotgun shells from Earl Coleman on credit, and went back to Macksville, got his single barrel shot gun, went to the house of Jeff Bryant, and asked if Drye was there, saying he intended to kill him. He then went to the house of Hanford where Drye was standing near the door talking to his wife and friends. Without saying a word to Drye, so the testimony of the eye witnesses went, Rout fired one shot at him. Drye staggered out of the door. Rout retreated a step or two, reloaded his gun and fired the second time, killing Drye in his tracks.

The evidence against him was completely overwhelming but Rout when put on the stand attempted to justify his act by saying that after their first quarrel Drye had threatened to kill him and told him to "get ready" and be ready the next time they met. He said that he "got ready" and went back "ready" when he saw Drye. His sister was the only other witness introduced by the defense, and she corroborated Rout as to threats made against him by Drye. Attorneys J. N. Saunders and J. N. Mengfee, Jr., exerted every effort and made a stubborn defense to save the life of their client and they were well pleased with the verdict rendered, inasmuch as they had offered before the trial to have their client plead guilty and accept a life sentence but this had been rejected by the Commonwealth, which believed that this was a death penalty case, if ever there was one. Commonwealth's Attorney George D. Florence, conducted the prosecution, assisted by County Attorney W. S. Burch. There was much interest manifested in this case, for Rout is known as one of the meanest negroes in Stanford, and most of the members of his own race were anxious to see him "sent over the road."

Other Cases.
In Circuit Court Monday morning Buena Vista Compton, the notorious young outlaw of Moreland, was sent to the penitentiary for life for stealing a cow from Rev. F. D. Palmeter, of that city. This was the fourth conviction of Compton, and he got a life term under the habitual criminal act.

RAILROAD OFFICIALS MOVE INTO NEW DEPOT

Stanford's Handsome New Station Almost Completed and Old Structure is Torn Down.

Agent J. St. Rice, and his office force, moved into Stanford's new depot last Saturday and workmen have been busy razing the old station since that time. This week will see the last bit of rubbish cleared away, and the street which is being made from Mill street to Depot street, running behind the new station opened up, which will permit of baggage being taken to the rear of the depot and unloaded for checking.

The new depot has been given two coats of light blue paint, the inside has been handsomely varnished, and thorough tests of the heating plant show that it is in splendid working order.

The completion of this depot gives Stanford the finest passenger station on the Knoxville division of the L. & N., between Louisville and Knoxville, and many of the railroad officials say that it is the finest that has in the state. Stanford and her people are highly appreciative of the generosity of the L. & N., in erecting a depot of the size and beauty of this one here.

TO MY FELLOW DEMOCRATS OF LINCOLN COUNTY.

I offer myself to the public as a candidate for the democratic nomination to the office of Jailer of Lincoln county subject to the action of the democratic party.

I had fully intended to make the race for the nomination of Jailer in our last County Primary and declined to do so on account of a life long personal friendship for some of the candidates in that race. I have all my life been loyal, active and enthusiastic in the cause of our party, and have always been found on the firing lines in the thickest of its battles, working day and night for the success of its nominees and the triumph of its cause. If rewarded in my ambition to be your Jailer and I have much assurance that I will be, I pledge myself to faithfully and diligently discharge the duties of the office, without fear or favor.

Yours for democracy.

W. H. HESTER.

JOHN HERZOG

Told U. S. Marshal He Was Too Busy to Be Arrested

When Deputy U. S. Marshal Coleman of this place, was in Lincoln county last week he went out to arrest John Herzog, a Swede, who runs a little store some three miles from Stanford and who was charged with selling whisky, and informing Herzog that he wanted him to go with him, Marshal Coleman was surprised to hear him say that he was too busy that day, that he had some important affairs to look after but that he would go with him the day following. This did not go well with the officer, so he just took him along with him to Danville and the important business had to be neglected for a while at least. In this connection it might not be out of place to say that Mr. Coleman is doing a splendid work and is deserving of the co-operation of every good citizen in this and other counties where he goes after evil doers. —Somerset Times.

There are some of the reasons why the people like Gov. Woodrow Wilson who ought to be nominated for President by the democrats: He is democratic. Believes in the rule of the people. Practices what he preaches. Is man enough to acknowledge his mistakes. Not afraid to change his mind. Wears no man's collar. Broke the power of both political machines in New Jersey. Refused to aid of Wall street. Declined to "play politics" with Henry Watterson. Cannot be bought, bluffed or frightened. Calls a spade a spade. Is thoroughly progressive. An honest man.

The temperance people of Kentucky have great reason to rejoice. Ninety-five of the one hundred and nineteen counties are dry and no county once having voted dry has ever gone back into the wet column. For three years nearly all dry territory of Kentucky has been due for another vote and the liquor people have tried in thirty four instances to return saloons and have only succeeded in two—Somerset and Bowling Green and in these cases by a very small majority, after using enormous corruption funds.

The direct primary law passed the House Monday. It is now up to the governor.

Metcalfe county remained in the dry column by a majority of 844, in the election held Saturday.

Representative Harry Schobert, of Woodford county, is ill in a hospital at Versailles threatened with typhoid fever.

MAY ORGANIZE ROOSEVELT CLUB IN LINCOLN COUNTY

Formal Announcement of Ex-President's Candidacy Puts His Admirers To Work for Him

Theodore Roosevelt, on Monday, made formal announcement of his candidacy for the republican nomination for president, in a letter addressed to the eight governors who have pledged their states to him. He said that if the nomination should be tendered him by the convention, he would accept and declared that he would prefer that the people express their choice through the direct primary plan.

Kentucky republicans are greatly interested in this formal announcement by the ex-president, for a great many of them believe that he is the only candidate they can put in the field who will have a chance to defeat the democratic candidate in November.

An I. J. man who was at Lancaster Monday, saw many leading republicans signing a call for the organization of a Roosevelt Club in that county. One prominent republican said that Garrard county is certain to instruct her delegates to the state convention to vote for Roosevelt.

Several Lincoln county republicans, who were present, said that a strong movement is on foot looking to the formation of a Roosevelt club in this county also. One declared that the mass of the republicans over the county are for Roosevelt, and they will endeavor to organize and carry the county for him.

WHAT IS A GUARANTEE?

- A Guarantee is a promise to make good.
- A Promise is worth exactly as the promiser.
- A Promiser who hasn't already made good can't promise to make good.

This is a plain proposition. Recall to mind the next time you read the catch-phrase: "Our car is guaranteed for one year," or, "Our car is guaranteed for a lifetime." Remember—the lifetime of that car stops just at the point where the guarantee begins. There is one guarantee that always holds good. It is

There is a bill pending before the legislature of Kentucky, to issue pensions to the Confederate soldiers of Kentucky. This is a bill which should not pass, one which will not stand the test of reason, and one which will impose a burden of \$75,000,000 or \$100,000,000 a year upon the taxpayers of the state that cannot be justified by any argument. It rests solely upon sentiment and has in it more of politics of a small kind than anything else. The editor of this paper who expresses this sentiment is a man of southern birth, his kindred were the confederate gray; and the daring valor and self sacrificing devotion of the confederate soldier, his wonderful endurance in an unequal contest and his superb military genius are qualities in which the editor of this paper has always taken the greatest pride, but this is sentiment. Tax laws must be based on reason.

The states which seceded from the union, and which as sovereign states induced their sons to enlist in the southern army, should grant their soldiers pensions. It is but common justice and many of them have so done, but Kentucky refused to secede. The Kentuckian who joined the confederate army did so upon his own volition, he assumed the hazard of the contest. It was a magnificent manifestation of loyalty and devotion to the dictates of his own conscience. He deserves and enjoys the honor of respect of every man. Should such a bill pass, we believe the governor of the state, who has himself been a brave confederate soldier will have both the courage and the breadth of statesmanship to put his veto upon it. The confederate soldier who did not hide behind a tree when the federal army was in sight in these piping times of peace would spurn a pension.

Ed Walton is working wonders with the Somerset Times, and will soon make it a semi-weekly. J. both a year for \$1.50 by sending the money to either office.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, growing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

AVOID HARSH DRUGS

Many Catholics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with

other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents, 36 tablets, 25 cents, 80 tablets, 50 cents. Remember you can obtain them only at our store. Penny's Drug Store.

Miss Frances Rankin met with a painful accident Sunday night when she attempted to light a match on the window of her room. A common sewing machine needle was sticking in the wall paper in range of her stroke and entered the finger. This drove it to the bone and broke it off just under the skin leaving half the needle in her finger. The injured finger is just able for her use after a month's trouble with one of those pleasant companions during the long night hours—a felon.—Monticello Outlook.

My Life Saved by Pe-ru-na.

Mr. S. S. Johnson, Greenville, Ill., writes: "I was for five years troubled with catarrh. Two years ago I had one foot in the grave. I had tried seven doctors and also went to a catarrh specialist in St. Louis, and took several kinds of medicine a day. I could not walk more than a hundred yards without resting. My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

Girls

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and overworked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss Cecelia M. Bauer, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:

Geneva, Iowa.—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown."

"I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss Minnie Shaver, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:

Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything."

"I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person."

"I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss Ella McCandless, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Announced By Catalogue Committee of K. P. Fair.

The catalogue committee of the Knights of Pythias fair, is announcing a Colt Futurity as one of the most attractive features of the splendid program which will be given. Nominations for mares are being received now, and so much interest is being taken in it by the many breeders of good stuff in Lin-cin and adjoining counties, that it is believed the amount of the stake will go as high as \$100.

Mares must be nominated by March 15th when a payment of \$1 must be made.

On or before June 1st, a payment of \$2 must be made, on each mare, an owner desires to keep eligible and at that time each Mare's name and color and the name of the horse to which she was bred in 1911 must be given.

On August 15th the week before the fair, the color and sex of the foal must be given and a fee of \$2 paid. This is the final fee, making \$5 in all. The money will be divided into four prizes on a basis of 40 per cent to first; 25 per cent to second; 15 per cent to third and 10 per cent to fourth. It is planned to open a mule colt futurity upon the same basis, in view of the very high class hybrid youngsters which are produced in this section.
